

ESPI report

Company: Photon Energy N.V.

Number: 7/2018

Date: 2018-03-28

Market types: NewConnect

Title: Photon Energy connects its first Hungarian solar power.

Detailed data:

Photon Energy NV announces the connection of its first solar power plant in the Hungarian town of Fertőd, in the Győr-Moson-Sopron region. The 528 kWp power plant project has been acquired by Photon Energy in July 2017 and built by the company's EPC subsidiary Photon Energy Solutions HU Kft. During the 25-year support period the power plant is licensed to sell 14.3 GWh of renewable energy, generating revenues of at least EUR 1.478 million over the entire period.

Legal basis: Art. 17 MAR.
