

Photon Energy Group delivers solar energy and clean water solutions around the world. Its solar power services are provided by Photon Energy; since its foundation in 2008, Photon Energy has built and commissioned solar power plants with a combined capacity of over 120 MWp and has power plants with a combined capacity of over 90 MWp in its proprietary portfolio. It is currently developing projects with a combined capacity of over 750 MWp in Australia, Hungary, Poland and Romania and provides operations and maintenance services for over 330 MWp worldwide. For more information, please visit [photonenergy.com](http://photonenergy.com).

To strengthen our project development team, we're looking to fill the following position based in our Budapest office:

## **Project Manager – Renewables – Photovoltaics – Budapest**

### **Key Responsibilities**

- ▶ Management of the development of Photon Energy's solar utility-scale and own consumption ("behind-the-meter") projects in Hungary, including:
  - Responsibility for the preparation and management of photovoltaic projects: budget, delivery schedule and risk supervision throughout the acquisition, permitting and design stages of the project up until the construction start.
  - Analyze project opportunities, and manage opportunity response between internal departments, reporting and recommendation on project Go/no-go opportunities for management
  - Managing third-party relations including contractors, engineers, landowners and grid operators as well as internal support for the success of the project.

### **Qualifications and Experience**

- ▶ Experience in the field of construction and development of photovoltaic or other renewable projects or land development
- ▶ Fluent Hungarian (C1-C2), good command of English (B1/B2), both written and spoken
- ▶ Project management skills (PMP, PRINCE 2 as an asset)
- ▶ Active Microsoft Office user
- ▶ Self-starter, resistant to stress and reliable in meeting deadlines
- ▶ Excellent organizational and time management skills
- ▶ Availability to travel

## Our offer

- ▶ Opportunity to work in a fast-growing, international renewable energy company
- ▶ Competitive remuneration, reflecting qualifications and experience
- ▶ MultiSport plan – contribution to sport, cultural and leisure activities
- ▶ Company and team-building events
- ▶ Laptop and mobile phone
- ▶ Contribution to educational courses and professional development activities

If you are interested in the position and fulfil the above requirements, please send your CV in English with recent photograph as well as a motivational letter to [careers@photonenergy.com](mailto:careers@photonenergy.com)
