

Photon Energy Group delivers solar energy and clean water solutions worldwide.

Working in the renewable energy arena for over 14 years, we continue to expand and are adding new business lines, markets and positions to our team.

We are a team of nearly 200 employees worldwide, spread across offices in Prague, Sydney, Warsaw, Budapest, Bucharest, Lodz, Amsterdam, etc. Not only do we believe in the potential of clean energy solutions, but we also live by these principles at work and in our employee community. As a public company, Photon Energy Group is transparent in its regular reports to the stock market and open to new suggestions from both employees and investors.

For more information, see photonenergy.com.

To strengthen our project development team, we are looking to fill the following position based in our Bucharest office:

Solar Project Development Specialist

Key Responsibilities

Managing the development of Photon Energy's solar utility-scale and behind-the-meter projects in Romania, including:

- ▶ Identifying and communicating with the owners of photovoltaic projects and/or land suitable for PV projects, including preparing site visits and feasibility reports
- ▶ Project administration of both new and ongoing projects, including invoice review, payment requests, documentation, permitting, license management and archiving within the corporate structure and software supporting the development department
- ▶ Completing applications and following up on submissions to organisations and authorities involved with the permitting process (construction authorities, distribution system operators, environmental authorities, local municipalities, etc.)
- ▶ Communication with internal stakeholders and external services suppliers including requests for quotation, contracting and invoice management
- ▶ Market and legislative monitoring with regards to photovoltaic and renewable energy projects

Qualifications and Experience

- ▶ Experience in the construction and development of PV or other renewables projects, or land development
- ▶ Fluent Romanian (C1-C2) and good command of English (B1-B2), both written and spoken
- ▶ Project management skills (PMP, PRINCE 2 as an asset)
- ▶ Computer literacy (especially Microsoft Office)
- ▶ Self-starter, resilient to stress and able to meet deadlines
- ▶ Excellent organisational and time-management skills
- ▶ Availability for travel

Our Offer

- ▶ Opportunity to work in a fast-growing, international company, within the promising renewable energy sector
- ▶ Competitive remuneration, reflecting qualifications and experience
- ▶ Opportunities for both professional and personal development
- ▶ Company and team-building events
- ▶ Laptop and mobile phone

If you are interested in the position and fulfil the above requirements, please send your CV in English with recent photograph and a motivational letter to careers@photonenergy.com.
