Requirements

Experience desired:

- ▶ Bachelor's degree completed or in progress with specialization in Economics, Engineering or another relevant area
- ▶ Experience in environmental areas is an advantage
- ▶ Experience in project management

Competencies needed:

Functional / technical

- ▶ Excellent oral and written command of English at the level of C1 (no Czech necessary)
- ▶ Proficient use of MS Office
- ▶ Interest in data analytics, interpretation and reporting
- ▶ Good understanding / awareness of engineering concepts, tools and processes

- ▶ Ability to analyse a large number of complex data streams
- ▶ High level of accuracy and attention to technical detail
- ▶ Ability to manage multiple workflows

Self-leadership

- ▶ Strong organizational and time management skills
- ▶ Building collaborative and trusting working relationships
- ▶ Awareness of how data analytics apply to project outcomes
- ▶ Resilience, ability to handle challenges

Our Offer

- ▶ The opportunity to work in a fast-growing, international renewable energy company
- ▶ Full-time or part-time contract
- ▶ Laptop and mobile phone
- ▶ Minimum 9-month contract with the possibility to extend or join the company on a full-time basis
- ▶ Company and team-building events

If you are interested in the position and fulfil the above requirements, please send your CV in English with a recent photograph to careers@photonenergy.com.
