

Photon Energy Group delivers solar energy and clean water solutions worldwide. Our solar power services are provided by Photon Energy and cover the entire lifecycle of photovoltaic projects. Since its foundation in 2008, **Photon Energy** has developed, built, commissioned and operated solar power plants around the world, including for its own portfolio. Our second major business line, **Photon Water**, provides comprehensive clean water solutions in all environments. We take a holistic approach to our work, allowing us to meet the complete needs of our customers and moving us closer to our vision of a world where energy and water – the fundamentals of life – are clean, safe and accessible to all.
