

Photon Energy Group delivers solar energy and clean water solutions worldwide.

Working in the renewable energy arena for over 14 years, we continue to expand and are adding new business lines, markets, and positions to our team.

We are a team of over 200 employees worldwide, spread across offices in Prague, Sydney, Warsaw, Budapest, Bucharest, Lodz, Amsterdam, etc. Not only do we believe in the potential of clean energy solutions, but we also live by these principles at work and in our employee community. As a public company, Photon Energy Group is transparent in its regular reports to the stock market and open to new suggestions from both employees and investors.

We are looking for an independent, skilled and structured colleague for our Prague office.

Head of Energy Storage Systems

The head of energy storage systems will be responsible for the creation, management and improvement of energy storage systems (ESS) in our core markets globally.

Some work can be done remotely, but 25% - 30% attendance in the office will be required.

Main Responsibilities

- ▶ Originate, evaluate, and execute ESS-related investment opportunities with focus on Europe and MENA
- ▶ Update current development standards for ground-mounted PV plants with ESS-related requirements
- ▶ Develop and implement internal design standards for ESS and solar + ESS
- ▶ Implement pilot projects for stand-alone ESS and solar + ESS
- ▶ Lead repowering projects for existing PV plants with the addition of ESS

Key Requirements

- ▶ Experience in similar roles in ESS: project engineer, project manager, project developer, etc.
- ▶ Familiarity with the regulatory framework of ESS across various markets, especially throughout Europe and MENA is an advantage
- ▶ Involvement in the professional network of ESS developers/suppliers/integrators
- ▶ Good level of understanding of ESS asset lifecycle from development to grid connection and operations
- ▶ Independence, diligence, responsibility, systematicity
- ▶ Communication skills, organizational skills, ability to work in a team
- ▶ Master's degree is beneficial
- ▶ Fluent knowledge of English; knowledge of Czech or other European languages is beneficial, but not a requirement
- ▶ Good knowledge of AutoCAD is beneficial

Our Offer

- ▶ An interesting, challenging, and meaningful role as part of an international team at a fast-growing global organisation
- ▶ Work in the promising and growing renewable energy sector
- ▶ MultiSport card: discounted access to leisure and sport facilities in the Czech Republic
- ▶ Flexible working hours and occasional home office
- ▶ Five weeks of paid holiday
- ▶ Various team-building and corporate events
- ▶ Personal and professional development courses
- ▶ Opportunity to learn and grow professionally, particularly in IT-related skills
- ▶ Modern offices in Karlín (10 minutes from Florenc metro station on foot) with a relaxation area and indoor terrace
- ▶ Participation in an employee share purchase program after the first year of employment (company shares to a personal brokerage account as a bonus to your monthly salary)

If you are interested in the position and fulfil the above requirements, please send a CV in English or Czech along with a recent photograph to careers@photonenergy.com.
