

# Photon Energy N.V.

Renewable energy - Barbara Strozzilaan 201,  
1083 HN Amsterdam, The Netherlands

75/100

VERY GOOD

The Company's sustainability performance is rated as very good. This rating is based on a moderate ESG performance, a hundred percent positive product portfolio and no involvement in any controversial business activities.

Photon Energy provides solar energy and clean water solutions around the world. The Company has been building and commissioning solar power plants with a combined capacity of over 100 MWp since 2008. The Company also has power plants with a combined capacity of 74.7 MWp in its own portfolio. Photon Water, the Company's second major business unit, delivers clean water solutions, which include treatment and remediation services as well as the development and management of wells and a variety of other water resources.

## SUSTAINABILITY MANAGEMENT

**50**  
POINTS  
WEIGHTING
